1. Bitch owner **MUST** provide a current negative brucellosis test signed by a veterinarian within the last 3 months prior to breeding.
  - a. If a current negative brucellosis test is not available then live litter yields will then **not** be guaranteed.
2. A Vaginal culture will be taken at the onset of her current heat cycle to determine she is free from any canine STD's (sexually transmitted diseases).
  - a. if bitch culture yields are high then a breeding **will only** be done by artificial insemination at the bitch owner's expense. Live litter yields will then **not** be guaranteed.

**3. REPEAT BREEDINGS will be warranted as follows:**

FROZEN BREEDING:	NO GUARANTEE
FRESH CHILLED BREEDING:	NO GUARANTEE, However, should a fresh chilled breeding produce a confirmed pregnancy that is lost in utero, stud dog owners will as a courtesy offer a repeat from 1 collection. ALL EXPENSES are that of bitch owner (re-collection, vet fees, kit costs, overnight shipping and any extraordinary expenses such as fuel, etc).
NATURAL BREEDING:	Should a natural breeding fail to produce a live litter Dagmar offers 1 repeat stud service. A live litter constitutes 2 puppies. All expenses remain that of the bitch owner.

**TERMS FOR REPEAT:**

- a.) no additional stud fees, but original stud fee must have been paid in full
- b.) same identical ownership of exact same bitch.
- c.) Bitch to be brought back within 1 calendar year (365 days) from date of original breeding
- d.) Bitch must not have access to any other in tact male of any breed in owner's care.
- e.) All pre-breeding tests will be current and at owner's expense.
- f.) If the 2nd mating fails and does not produce a pregnancy, the owner of the stud dog has no further responsibility and obligation ends.
- g.) If the original intended stud dies or can no longer perform stud duties, the bitch owner may choose an alternate DAGMAR owned or bred stud. If no stud is available stud owner may offer a future stud to same bitch or alternate bitch at no charge. All pre-breeding tests will be the responsibility of each owner.
- h.) If the original bitch dies after a guaranteed and failed breeding, then an alternate bitch may be brought to the **ORIGINAL STUD DOG** at no charge. All pre-breeding tests on the new bitch must also be current. No live litter guarantee shall be in place.

**ARRIVAL OF PENDING PUPPIES BREEDING AGREEMENT:**

- 1.) Upon arrival of pending puppies, stud dog owner will be duly notified of the final count and sent video or photographic proof of the litter. Litter application will not be signed prior to 28 days post birth of puppies, for final and true count.
- 2.) When all financial terms as well as other terms of the stud agreement are met stud dog owner will sign the litter registration application.
- 3.) Breeder/Bitch owner agrees: All Potential Homes will be pre-screened for competence in giant breed (Dane) ownership and no puppy will be sold to anyone such as a puppy mill, pet store nor auction house, nor anyone brought up on charges of animal cruelty or neglect.
- 4.) Stud dog owner will be notified of all new homes for each puppy with complete addresses, e-mail,

website, and phone numbers for our records.

- 5.) New owners of the puppies will be notified of who the stud dog owner is and given our address, website and e-mail information. We are very proud of our Danes and are always happy to help new owners in any way.
- 6.) All puppies produced will go on LIMITED registration unless deemed a SERIOUS SHOW PROSPECT and going into a home with full intentions of actively showing toward a championship. It is recommended breeder retain co-ownership on full registration puppies.
- 7.) Breeder's will have a written contract with puppy owners stating they will take back any puppy at any stage of life if needed. Also breeder will notify stud dog owner if a re-homing or rescue needs to be done. We will do our level best to help locate a suitable new home should this arise, however bitch owner is solely responsible to see this to fruition. Your contract will stipulate that the puppy will be maintained as an indoor companion/member of the family.
